

DEDICATION

Mr. Philip Couhig has been on the staff of Essex County Agricultural High School for 32 years. He has dedicated his time to the school and students in many different ways.

Since he has been at Essex he has been interested in the sports program, contributing not only his time but also his ability.

During the school day, Mr. Couhig teaches Mathematics and Hygiene. He often takes over the gym class to show the young men at Essex what outstanding physical condition he is in.

To him, who has given his time and teaching ability, we offer our sincere thanks. To Philip Couhig, we proudly dedicate the 1960 Maple.

To Miss Dorothy Ghiatis we respectfully dedicate this issue of The Maple.

Miss Ghiatis whose home is at 6 Redlands Road, Shrewsbury, has been the head of the students cafeteria for ten years and has taught House Care, Nutrition, and Boys' Chef Classes.

Before joining the faculty of the Home-making School she served two and one-half years in the United States Navy.

Many of the parties at the Aggie owe their success to the efforts of Miss Ghiatis. To say we appreciate her is to put it mildly.

The best of luck to you, Miss Ghiatis from the class of 1960.

Mr. J. Gallant
Director

Mr. R. White
Educational Manager

Mrs. C. Maude

IN MEMORIAM

The students, friends and faculty were saddened by the sudden passing of Mr. James N. Cole at his home in Methuen, Monday morning, January 25, 1960. Jim, a member of the teaching staff for over 20 years, was 55 years of age.

Mr. Cole was boy's counsellor for afterwork activities and the general supervisor of boys working on the school farm. During his years of service, Mr. Cole made a great many friends, as it was his responsibility to organize and conduct campus tours for visitors. Everyone who knew Mr. Cole was impressed by his deep sincerity and enthusiasm for the school and everyone associated with it.

The hockey team at the Aggie has always been close to the heart of "Jim" Cole and this year, just when Coach Cole was due to reap the reward of a successful team, he was called to a just reward by the Chief Umpire.

We the editorial staff of the Maple wish to express our deep and sincere sympathy to Mrs. Cole. We know that all who knew Mr. Cole will say that he will remain in their hearts forever.

CLASS WILL

We, the girls of the Senior Class of 1960 being of sound mind and body bequeath for the sake of our underclassmen, some of our dearest possessions:

Kay Bartnicki bequeaths her wardrobe to Caroline Tilson in hopes she will take good care of it.

Her good sense of humor Ruth Colby bestows upon Marie Garland. Enjoy yourself Marie!

Simone Demers wishes to leave her ability to keep quiet in class to Carolyn Haynes.

Karleen Earle bestows her tremendous height upon Barbara Sanborn. She needs it so badly.

Helen Eveleth gives her bashfulness to Jean Jaffarian.

Donna Hall leaves her athletic ability to Diane Bergendahl in hopes she can have fun.

Barbara Hayward bequeaths her pajama parties to whomever can afford them.

Her cheerleading ability Rosemary Jones gives to Barbara Eastward, or any other deserving girl.

Andrea Lachance bestows with pleasure her natural ability for breaking hearts to Cheryl Jacobs.

Diane LeBrasseur leaves her excellent English to Miss Reid so that Miss Reid can help next year's class.

Barbara LeClaire gives all her excess weight to Sandra Winchester.

Araxice Margosian leaves her books and studious habits to Cynthia Ross with sincere hope she'll enjoy the books.

Audrey Scholz thinks the back seat of the bus should be given to Nancy Hartung.

Diane Sturtevant wants Arlene King to have her ability of staying out at lunch time and standing in the mud.

Alice Mosher takes her car and leaves Mr. Lee in peace.

Trudy Sworoborowicz leaves her position as librarian to any freshman or junior who doesn't want to go to homeroom.

Henrietta Tinkham leaves her grouch pills to any freshman who might need them.

Her usual mechanical ability Pat Williams wants to give to Norma Spring.

Doris Brown feels that Dene Creighton might enjoy her white shoes.

Pauline Chellis leaves her empty bleach packages to Roberta Yemma.

Karen Knowlton's calm nerves are bestowed upon Carol Zarella.

Norma Avola leaves a poem: Freshmen, Freshmen don't be blue, we were once as goofy as you.

In witness whereof we, the Senior Class of 1960 of Essex County Homemaking School have set our hand and seal to this will.

GIRLS PROPHECY

I had just arrived in New York to attend the World's Fair in the summer of 1975. As I began to stroll around the gigantic fair grounds, I spied my classmate, Dianne Le-Brasseur. Dianne is a famous evening dress designer in California. She told me that Helen Eveleth was doing very well as an owner of a frozen food concern and the mother of three children.

After leaving Dianne I continued meandering among the various exhibits. In beauty building I found Pauline Chellis and Henrietta Tinkham designing new coiffeurs. They suggested that I go to the makeup demonstration which was to be given by the country's leading makeup artists, Norma Avola and Doris Brown. What a thrill for me watching my classmates!

When I left the beauty building, I came upon an interesting foods display. It turned out that Araxice Margosian was in charge. Araxice is now the owner of the well-known Armenian Oriental Restaurant in Swampscott. Simone Demers who runs a successful catering service in Lawrence was acting as Araxice's assistant. In the same area, Barbara Hayward was decorating cakes. She has been able to build a lucrative business for her cake designs are known throughout the world. Barbara and I had an opportunity to chat and she told me that Donna Hall is the manager of a large hotel in midtown New York. Ruth Colby is her assistant and has charge of the dining room.

As we were talking who should walk over but Karen Knowlton and her husband. They are the owners of a large dude ranch in Nevada. Karen said she had recently heard from Andrea Lachance who is a hostess at a winter resort in Northern Maine owned by Alice Mosher. The head ski instructor at this resort is Dianne Sturtevant.

Karen and her husband were interested in seeing the horses so I joined them. At the stable we found Barbara Le Clair feeding one of her prize Thoroughbreds. Pat Williams, she informed us, is the proprietor of the Chevy garage in Danvers.

Before I finished my day at the fair, the fashion exhibit seemed attractive. Karleen Earle and Audrey Scholz were among the women who had entered original styles. One of the spectators I spotted was Rosemary Jones, a housewife with four children. Rosemary told me that Kay Bartnicki lives in Florida with her doctor husband and two children.

It has been a wonderful day seeing and hearing about so many friends but I was glad to think about returning to my home in New Hampshire—my husband, who is an Architectural Engineer, and my five children would be waiting.

—Trudy Sworobowicz

BOYS CLASS WILL

We, the class of 1960, believing that we are somewhat of sound mind and body, do hereby state our last will and testimony, and also while keeping in mind our mental and physical status, do now bequeath the following gifts to our beloved underclassmen.

PETE ANDREWS wishes to leave to STAN FISHMAN his ability to have a good time after the school dances.

To PHIL O'CONNOR, a book entitled "Boy Dates Girl" left by DAVE ASADORIAN, who hopes that PHIL will take the hint.

A comb is left by STEVE BARIBEAU to anyone in Floriculture who wants to comb his hair in class.

BILL BROWN is left a pair of glasses by CHRIS BARING.

Our new gym teacher is left DICK BAY-BUTT'S great ability to chin himself.

RAFE BLOOD wishes to leave PAUL JOHNSTON the knack of keeping a car running. (sometimes)

From DAVE BOE, a certain young man named LARRY PRIDDEN is left a red sports cap.

All headaches acquired by DAVID BROWN in his senior year are left to the Junior class with Dave's compliments.

GENE BROWN leaves Jumbo's and everything that goes with it to FRED CONWAY.

RALPH CAHALANE is left with RICHARD CARAM'S ability to eat and chew gum in MR. CLARK'S class. Don't get caught, RALPH!

A seat in MR. CLARK'S class is left to PAUL HAYES from FRANK CARSON.

JOHN PERKINS is left with CHARLEY CARTER'S talents for falling asleep in class.

To a studious Junior, goes some-used book reports, left by RONALD CLARIZA.

PAUL MAC ADAMS and PETE GIBBON are left with RICHARD COOKSON'S Friday, sixth period pass to the library.

JACK CRONIN cordially leaves the short cross country course to PHIL GAGNON in hopes he can win a race on it.

For someone who needs it; STAN FISHMAN is now the proud owner of some excess height left by BOB DOMIN.

DAVE DOW wishes to leave all the fun he had at the AGGIE to some poor devil like EDDIE SHINN.

TED DUNAJESKI leaves his variations of "getting to school on time" to PETE GIBNEY.

The parking place at the greenhouse is left by JOE FARRELL to anyone who has Poultry 7th period at the Poultry building:

JOHN FARRINGTON leaves all his weight to a certain MR. DOWNING.

ART GIFFORD wishes to leave his two years at the Tech to an oncoming two year student.

DAN GILLIS is going to leave NICK RICCI with his "haystack" look.

DAN GILLIS is going to leave his two years at the Tech to an oncoming two year student.

MIKE GRAHAM bequeaths to FRED CONWAY his ability to have finesse in North Reading. Carry on Fred.

BOB HACKETT wishes to hand down the Senior class worries to TOM CARROW, along with some cross country cramps.

To any hungry underclassman, ART HOWELL leaves his ability to eat in class without getting caught.

CYNTHIA JACKMAN is left a desk in MR. McHUGH'S English class from her sister PRISCILLA JACKMAN, in hopes it will bring her good luck.

Want some Brown Swiss cattle? Well, it's for certain MARK JENSON doesn't, for he is leaving them to anyone who wants them.

PAUL JOHNSTON is the recipient of the ability to stay out of trouble, from his brother FRED JOHNSTON.

To Freshman DICK MURRAY go PETE KALUNIAN'S red gym shorts.

NICK RICCI is presented with the honor of becoming Senior class president, Pres. DAVE KEATING. (good luck)

JOHN LAKUS wishes to leave his cafeteria lunches to anyone who feels in a hungry mood.

A barber used by AL LUPIEN is left to work on JAMES WOOD.

TOM LOMBARDI is left with PAT MARONEY'S bookkeeping equipment. From one Revere man to another.

To anyone who wants it, comes a raw deal on a car left by KENT MARTIN.

JERE MELZAR finally agrees to leave PHIL O'CONNOR alone on the basketball court.

Again PHIL O'CONNOR is left a gift. This time it's good looks from PAUL MERRILL.

LINDA MORROW, a handy person to have around, wishes to leave a certain Junior in the 3B's, her one good hand.

DICK MOTTOLO has a book entitled "Ten Easy Ways To Lose Money in Farming" and wishes to leave it to anyone who is starting.

A young man by the name of FLYNN is left ROBERT NAPPI's head shrinking kit.

JOHN NOONAN hands over his quiet disposition to JOHN TREMBLAY.

RICHARD REED has an ability for picking blueberries at night and he wishes to leave it to ROGER SOUCY.

Got a leaky transmission? Well, park your car in GARY RODRIQUES' old parking place; he's saving it just for you!

To a deserving person named SWEDER, goes BILL ROUSE'S sparkling personality and movie star hair. (What there is of it.)

ROBERT SCAMPORINO leaves his Chevy engine to BOB DENNIS who needs one.

From DAVE SCOTT we have an ability to be absent at least a month out of every year to any Junior who is foolish enough to take it.

PAT MURPHY and FRANK WARNER are left with KEN SHIELDS' dancing talents.

A new hockey shirt acquired by BILL SMITH is bestowed on RONNIE TILTON.

An ability to win medals is left from the old pro BOB ST. CLAIR, to SHERM TROMBLY.

RALPH CAHALANE is left the ability of ERNIE ST. PIERRE to get into trouble, providing that he keeps up the good work.

FRED SYLVIA leaves his No. 6 sweat suit to PHIL GAGNON in hopes he will wear it to beat Hamilton.

DICK TALBOT leaves his ability to sneak a smoke and only get caught a few times during the year.

An underclassman has the opportunity to take the FARM FOREMANSHIP job, because STEVE WALDORF is leaving his.

WALTER KELLY was left the ability to miss the school bus by RONALD WING.

To some poor Sophomore, the fruit truck is left; compliments of WALLY WOJNAR.

DENIS O'NEILL leaves his old Senior class wallet to the treasurer of the new Senior class of 1961.

And also, with respect and love for the AGGIE, we leave our fondest memories and our deepest regards to the faculty.

BOYS PROPHECY

I was up to the school last Monday afternoon to see Mr. White about hiring some boys for the summer. While I was waiting Steve Baribeau came in to see about some boys for the summer, also. He told me that he and Pete Andrews were in business together in Lynn; with three greenhouses, Pete is strictly the sales manager since he has become too fat to get between the rows of plants. He also said he had heard that Rafe Blood and Fred Johnston had gone out of business. At one time they had a very prosperous dairy, but they couldn't stop arguing so the business went to pot. I told him about an ad that I had read in the Boston Globe stating that Charley Carter would be in complete charge of the Dunajeski dairy while Mr. Dunajeski went to Europe for a vacation.

He said that was nothing. He read that Pat Maroney had won the Irish Sweepstakes and was going to Ireland to spend the money thus avoiding all taxes. Well this time Mr. White came in. He had not changed much since I last saw him, and neither had his jokes. He was very glad to see us both and he had just the boys we needed for the summer. He started to talk about the days that we were in class and how much the boys of today are like us.

Why there was even a boy there by the name of Farrell; I was surprised to learn that Joe Farrell had married Linda Morrow because of their different interests—Linda had her dogs, Joe had his plants; today he is, a top designer for a big landscaping firm. He also told us that Farrington and his partner, Domin, were coming up later that day to see some boys about working this summer on their orchard. Dick Caram was up last week, and he and Jack Cronin were going to take six boys for the summer. He had also placed four boys with Chris Baring for the summer, working in his dairy and around his partner's pigery.

You could have knocked me over with a feather when he said his partner was Frank

Carson. Why they hardly knew each other in school. Well it was time that I was leaving the school. After all I had a business to run and a long way to go, so, I said good-bye and left. I decided to go up to the Danvers Diner before going back, just for old times sake and I'll be darned if I didn't run right into Ron Clarizia, his wife, and three kids; so we sat down for coffee and something to eat. He was just full of news and looking for someone to tell it to, such as the fact that Dave Dow was working for Art Gifford on the new golf course in Wakefield, and that Dick Baybutt was going to court about some type of building he had put up next to his greenhouse without a permit.

About this time Mike Graham came in all dressed up and sat down so I went over to say hello; he had just been made chief of all personnel at the state hospital, and said that Kent Martin had been promoted to herdsman of the whole herd. He also said that he and Dave Brown had tried to make good on a small dairy farm but couldn't so Dave is working for Gene Brown on a farm in Chelmsford. He also said that Dick Mottolo was going to retire in a few years and go abroad. Boy, I guess he really cleaned up on the pig market these last few years! Dan Gillis has gone to work for Mark Jensen with his herd of traveling Brown Swiss. They are out in Texas about this time of year.

Mike also said that he had recently seen Dave Asadorian and his friend Dave Boe; Dave A. is now the full owner of what used to be his father's poultry farm and Dave B. is a full time artist for Werthmore Feeds Inc. of Waltham. They mentioned that Dick Cookson had a very prosperous dairy farm in Addison County, Vermont.

Bob Hackett, I was told, has about one hundred-twenty head of registered Holsteins on his farm on the outskirts of Haverhill. Bob asked if I'd read about Art Howell and his wife Dottie in the Boston Globe. I said I hadn't, and he said it had mentioned that Art, who is the father of five children, was

named Air Commander at Westover Air Force Base.

I dropped in at my old friend, Priscilla Jackman's. Willy, as she was known in school days, owns a greenhouse in Newbury and is the mother of three teenage girls. She said that she had seen Dave Keating recently, and he is the manager of the outside grounds at the Danvers State Hospital.

Al Lupien, a Dairy Sanitation man with the Massachusetts Dairy Association, said that John Lakus had just been convicted as a bookie (stemming from his greenhouse), but was given a suspended sentence. The judge said that his record had been good until this time.

While on my visit to Boston I read that John Noonan had just received a citation for his outstanding work on space travel by the National Science Achievements Association.

Dick Powell and Bob St. Clair are two of the top Dairy cattle judges in this country and own a prospering Jersey farm in Wisconsin.

Dick Reed, the father of triplets, owns a prospering florist shop in Salem, and seems very happy. Dick mentioned that Gary Rodrigues and Bill Rouse are two of the top Greens-keepers in New England; Gary is living at the United Shoe Clubhouse where he is working, and Bill is still living in Lynn but is working at Salem Country Club.

Bob Scamporino and Bob Nappi are owners of a large Vermont dairy farm and active members of the Vermont Dairy Association, said Dennis O'Neill. Dennis is now a well-liked Major at Fort Devens and the proud father of a brand new baby boy.

Dennis also mentioned that Jere Melzar and Dick Talbot had formed a landscaping partnership and were building their \$50,000

main office in Wilmington, so, I decided that I'd go over that way and see how they were. Jere said that he had recently seen Dave Scott at a New England Landscaping Association meeting, and Dave had told him that he had recently received a promotion to Manager of Grounds on Thompson Island. Congrats, Dave!

I met Ken Shields today at the school, and was happy to hear that he had a very successful Vegetable Garden Outlet on Route 95 in Danvers, along with being president of the Alumni Association. Ken mentioned that Fred Sylvia was doing very well racing his Thoroughbreds, and had made his home in Lexington, Kentucky. Fred also has a successful poultry business on his home farm.

Bill Smith, a character in class, has now gone into the joke business in his hometown of Wakefield and seems quite happy. Bill mentioned that he had recently received a letter from Wally Wojnar, who is a very successful New Hampshire fruit grower and is the secretary of the New Hampshire Fruit Growers Association.

Ernie St. Pierre and Paul Merrill have a thriving poultry business in Methuen. Both Ernie and Paul exclaimed about how well their friend, Bill Winn, was doing with his Lincoln-Mercury Auto sales, and that he was top Auto salesman in New England last year. Nice going Bill!

My last visit was to see Steve Waldorf, he is now running the school farm and is certainly doing a wonderful job of it. Steve said that Ronnie Wing had dropped by last week; Ronnie has a Dairy Milk Inspectors job with the Massachusetts Dairy Association and has recently purchased his own home in Saugus.

I have fully enjoyed seeing and hearing about my old classmates, and I hope that they all continue being so successful and happy.

FOOTBALL WRITEUP

This was the first time in years that Essex Aggie participated in eleven man football. After last years' championship squad had learned the tricks of six man football, they, too, start all over again in the fall of '59 to learn a new game.

Coaches Potter and Powell worked constantly and diligently to teach the boys their new assignments. The rough spots of the first few days began to smooth out. The eleven boys on the starting club got use to each others' play, and the club started to click.

Inexperience is a handicap which can be overcome only by time and playing the game. This lack of experience showed up when the Aggie went up against clubs heavily sprinkled with veteran competitors.

This was a building year for the Aggie. Coaches Potter and Powell are already making plans for the fall of '60, and the returnees will be in a much better position to hold their own.

Aggie teams have proven over the years that they can do a job and do a good one. Let's look for a brighter year in '61.

BASKETBALL

The 1959-60 basketball season was a very trying one for the team members, the coach and the student body.

Everything seemed to happen and what happened was the wrong thing. The Asiatic Flu, the lack of a home court, bomb scares in neighboring schools on game night, conflicts with the senior banquet — these and many other reasons contributed to a season that would take the steam out of any club.

The redeeming factor was that most of this years team will be back next year. To the Seniors go our thanks for your loyal support and faithful attendance at both games and practices.

Coach Ray Potter and managers Pete Andrews and Steve Rosenthal deserve our full appreciation for their faithful and never ending support. They were always there when they were needed and they helped to carry the club over many an obstacle.

Good luck 1960-61 team we Seniors won't forget you and will forever support you and the basketball teams of the future.

TRACK

With only two returning lettermen, Co-captains Fred Sylvia and Bob Hackett, the 1960 Cross Country team snow-balled to a successful 6-1 season.

The team composed of 13 of the best runners the Aggie has seen for many a year, won dual victories over Ipswich, Rockport, and Georgetown.

The team had one bad day, when they lost to Hamilton early in the season. Coach Deacon said that if this team could run that race again, they would win this time.

In Essex County meet held at the school, Essex came in fourth, out of seven teams. The Aggie beat Saugus, Ipswich, and Georgetown.

Fred Sylvia, Bob Hackett (Co-captains), Jack Cronin, Bill Gagnon, and Earle Carpenter were consistently the "first five" and were backed up by the all important body of the team consisting of Tom Carrow, Tom Turmel, Dick Murray, Andy Callahan, Ray Gathier, Bill Rudd, runner-manager Peter Wormstead, and Fred "Rabbit" Stafford.

Jack Cronin, a senior, came out for Cross Country for the first time this year. In all the meets Jack showed up on top with Fred Sylvia. Next year we hope that Bill Gagnon and Earle Carpenter will be able to do the same job Fred and Jack did this year.

This years' Cross Country team at the Aggie showed a lot of determination. Under the leadership of Mr. Deacon, who was new to the sport, they learned the little tucks of the sport so well that they established themselves as tough competitors, but most of all as good sportsmen.

HOCKEY

This year the Essex Aggie Hockey team had one of the best records in many years. In the three short months each year that conditions are favorable for hockey, the school has sent forth a team to take on all comers. This past season they won eight and lost three of their eleven games.

Although the '59 team did well, graduation took several key players. Many new, very good athletes have taken their places and have given the team physical strength and, just as important, moral support.

In the third game of the season our captain, Pat Maroney, was hit by the opposing goal tender and lost one of his front teeth. That game will long be remembered by Pat.

February 25th was a black day for the hockey team. Much to the sorrow and misfortune of the school we lost our coach, Mr. James Cole, who devoted most of the winter months helping the boys on his teams. A better coach or friend no team has ever had.

Mr. Deacon consented to the task of taking over the team for the remainder of the year and, although he was inexperienced, he has done a great job and has helped the team finish up the season in perfect stride.

After the season was over an award was voted to be given, in honor of Mr. Cole, by the Essex Chapter F. F. A., to the most valuable player. The award was given to Bill Smith.

At the beginning of the year we were fortunate to have a new set of matched hockey shirts given to us by the F. F. A. Perhaps they gave us more pride in our own team, made us skate a little harder, and gave us that little extra that makes a winner.

The teams that we beat were the Lynn Atlantics, Wakefield (2), Amesbury (2), Methuen Falcons, Brooks. We lost to Amesbury, Brooks and Malden.

Thanks from the student body to all the boys who supported and played on the team. Their efforts made it possible for the Aggie to post another successful season in the record book.

FUTURE FARMERS OF AMERICA

CREED

Believe in the future of farming with a faith born not of words but of deeds — achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices that are unfair.

I believe in less dependence on bargaining; in the life abundant and honest wealth to help make it so — for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

FUTURE FARMERS OF AMERICA

DUPLICATE OF THE F. F. A. CALENDAR (EXHIBIT)

A model of the F. F. A. calendar was exhibited at the state convention this year. The project was completed under the supervision of Mr. Ellery Metcalf and Mr. Raymond Auclair. With strong competition the Essex entry placed second. The Four A division was very proud of its achievement.

ESSEX CHAPTER F. F. A. HOLDS ANNUAL BUDGET MEETING

The Future Farmers of America organization in the United States draws its membership from vocational agricultural schools and vocational agricultural departments in high schools. There are approximately 385,000 F.F.A. members associated with 9000 local chapters. The Essex County Agricultural High School in Hathorne has the largest membership of any local chapter in the United States. At the present there are 276 members. The varied extra curricular activities and interests of the members make it necessary to subdivide into 12 F.F.A. Committees and 9 clubs (F.F.A.). Each of these has its own set of officers. This is in addition to the 7 official Essex Chapter F.F.A. officers and the Chief

Advisor. By this organization plan, twenty-four separate sets of officers receive experience in conducting meetings.

Each committee and each club has one or more teacher - advisors. Furthermore, each committee and club prepares an annual financial budget and program of work.

The 21 separate budgets are compiled into a master budget showing the estimated expenses and estimated receipts. The overall executive committee of the F.F.A. Chapter, consisting of the 7 officers plus 1 homeroom representative from each classroom, acts as a financial committee to study the master budget and make recommendations to the annual business meeting for budget action which is attended by the entire membership.

The annual budget meeting is patterned closely after the New England town meeting procedure. The seven top officers are called upon to exercise their knowledge and skill in correct parliamentary procedure, seeing that the rights of all members are properly protected during the budget meeting. The Chief Advisor acts as a situation develops that the presiding president is unfamiliar with. The president carries the main burden for correct parliamentary procedure. This F.F.A. busi-

ness activity is closely correlated with the citizenship courses at the Essex County Agricultural High School. In the Sophomore year, for example, an extensive one-year course is given in parliamentary procedure.

Following is the most recent Master Budget acted upon and passed by the Essex Chapter F.F.A. A few of the clubs and committees require no financing and certain others bring in no income that supports the organization. All local chapters in the United States are affiliated with State Associations. State associations in turn, are affiliated in an annual National Convention which is held in Kansas City, Missouri, each year.

Each state, regardless of the size of membership, is limited to two official voting delegates to the National Convention. This enables states with relatively small membership to have equal voting power with states like Texas and California which have 30 to 40 thousand members.

This Master Budget was acted upon in the month of December, during one session of the annual budget.

THE CHRISTMAS GREENS SHOW

The annual Christmas Greens Show was judged by Dick La Montaine, a Salem Florist; Ray McGuire, a Beverly Florist; and Jerry Jordan. All of the judges are former graduates of the school.

The exhibits were all beautiful but as in all contests someone has to win the top prizes. The sweepstakes winners were as follows: 1. Steven Baribeau; 2. Peter Andrews; 3. Priscilla Jackman; 4. John Filfalt. These winners all deserve plenty of credit for the work and efforts they put into the show.

THE FUTURE FARMERS BANQUET

On February 6, 1960, Essex Chapter F.F.A. was honored by the presence of the national F.F.A. officers. The officers were President, Jim Thomas; Vice President, Dean Hoffer; Central Vice President, Richard Poor; Pacific Vice President, Jack Crew; Southern Vice President, Joe Hughes; and Student Secretary, Kenneth Gray. They were taken on a tour of the school farm and then the main speakers at the banquet which was held in the cafeteria of the Homemaking School. There were members of the student body along with members of the other state chapters, State President, Norman Mercier, and officers from the state chapter of New Hampshire, the total attendance at the banquet was 300.

FUTURE HOMEMAKERS OF AMERICA

F.H.A. Report For The Maple 1960

The Future Homemakers of America, Essex County Chapter officers for the year 1959-1960 have served us well. They were: Henrietta Tinkham, President; Vice President, Nancy Hartung; Secretary, Patricia Williams; Treasurer, Karleen Earle; Reporter, Suzanne Williams; Historian, Judy Nelson; Parliamentarian, Carol Rand; and Song Leader, Caroline Tillson.

The officers were installed at a very nice candle-light service on October 21, 1959 with our former President Mrs. Christine Sutton Johnson as installing officer.

Serving us in the State organization have been Araxie Margosian of Lynn, as Historian and Elizabeth Morris of Newburyport as Reporter.

On October 29, 1959 the new members were initiated. Their attire for the day included wearing of blouses inside out and backwards, skirts upside down, different colored sock on each foot, and using tin cans for pocketbooks. Lollypops had to be given to the seniors by the new members who could not recite the F.H.A. creed.

On November 5, 1959 a Talent Scout show was presented by Chapter members for the entertainment of the entire group. Our moderators were Nancy Hartung and Henrietta Tinkham.

On December 17, 1959 the annual Christmas Party was held in the student cafeteria. Invited guests included the housekeeping staff, our faculty, and non-members students from the Homemaking and Cosmetology schools. The entire program was an enjoyable one including caroling, a visit by Santa Claus and his helper and refreshments served by the Freshman girls.

On February 5, 1960, a practice square dance was held in the Extension Hall. All of our F.H.A. members enjoyed the practice square dance.

The years activities included the sale of U.N.E.S.C.O. gift coupon stamps as a part of our National F.H.A. project to help others. Again this year the contributions went to the library in India. In order to raise funds for the Essex County Chapter, the members completed the sale of hard candy, started last year and the members sold greeting cards to neighbors and friends.

A number of members have taken part in the two State F.H.A. organization meetings held during this year. The first meeting was held on November 7, 1959, at Brookline High School. Fourteen members attended. The May 21st meeting is planned to be in the western part of Massachusetts. For these meetings attempts were made to carry out our National Program goals, hence the fall meeting theme was "Getting To Know You" and the Spring meeting will concern with "The Teenage Consumer".

Plans for the Spring months include the invitation student from overseas to speak to our group and an outdoor picnic to be held possibly at the Field House grounds.

Special recognition and thanks were extended to Miss Diane Ohanion of the Cosmetology teaching staff and to Mrs. Donald Homer of the Homemaking faculty, who left us in the middle of the school year. We have all enjoyed their cheerful presence at our school.
